- **Availability:** First-come, first-served basis
- **Rate:** $3 per hour per bus during the hours of meter operation; applicable overnight unless otherwise indicated

Additional Options in Arlington

- Tour buses may also park in any commercial area where there are **no lines** demarking standard car parking meter spaces and where the width accommodates the bus. Curbs where tour bus parking is not allowed (including a few blocks in Pentagon City) are signed accordingly. Curbs with metered, standard-car spaces available for buses are unlined. At these locations, drivers must pay the standard meter rate and follow the time duration regulations. Please use interactive meter rate map to explore meter rates by time of day.
- Some standard car parking areas are restricted for as short as 30 minutes, some of them allow parking for as long as 12 hours. In those areas, there's no charge for parking overnight.
- In special cases where an organization, group or hotel seeks to guarantee specific parking meter spaces at specific times, an application for a Moving Van/Container permit may be completed online. This form must be submitted a minimum of five business days in advance of the first parking date requested.
