

Our Mission: To improve the housing, neighborhood and economic conditions of Arlington County's low and moderate income residents by effectively administering the Community Development Block Grant (CDBG) program

FY 2007 PRIORITIES

The Community Development Block Grant program priorities are:

- To provide adequate housing; broaden housing choices; and minimize displacement for all persons, especially low and moderate income persons, minorities and persons with mental and physical disabilities.
- To plan and implement an array of housing, neighborhood improvement and special public service programs as part of strategic improvements in the Community Development Neighborhood Strategy Areas (NSAs) of Nauck, Columbia Heights West, Buckingham, Pike Village Center, Arlington View, Radnor/Ft. Meyer Heights, Long Branch Creek, Barcroft, Lyon Park, Penrose and Westover.
- To provide economic opportunities for low and moderate income persons.
- To undertake outreach and citizen involvement activities to ensure the participation of Arlington's low and moderate income and multi-cultural communities in the annual CDBG proposal process and in CDBG-funded programs.
- To implement the activities and programs identified in the Arlington County Consolidated Plan.

CDBG program staff undertake the following work items:

- Plan, develop, coordinate, implement and evaluate neighborhood improvement activities in the Neighborhood Strategy Areas.
- Provide technical assistance; and monitor and evaluate agencies and non-profit organizations implementing CDBG funded activities, including assisting subrecipients to develop and monitor performance measures.
- Develop the annual CDBG program, including soliciting proposals, coordinating interdepartmental review, evaluating proposals, and developing program and funding recommendations.
- Administer the CDBG program through financial management activities to ensure compliance with federal regulations (such as environmental assessments, labor standards, relocation, etc.) and submit of quarterly and annual reports to HUD.
- Provide information and technical assistance to citizens participating in the planning, implementation or evaluation of the CDBG program, including staff support for the Community Development Citizens Advisory Committee (CDCAC).

SIGNIFICANT BUDGET HIGHLIGHTS

Despite nationwide efforts to preserve the CDBG Program, the federal appropriation resulted in a 16% decrease in entitlement funds for FY 2007. Grant funding of the PRCR Summer Fun program was eliminated, funding was decreased for the Arlington Employment Center and administrative costs were reduced in order to absorb the total reduction. Because program income was unusually high over the past several years, the \$355,547 reduction is cushioned by reallocation of program income and unprogrammed funds. This will result in fewer dollars available in the future for several housing development programs. Future reductions to the entitlement grant will impact the County's ability to meet affordable housing goals, implement NSA activities, and administer the program.

The FY 2007 CDBG program budget includes \$1,816,925 in grant funds from the U.S. Department of Housing and Urban Development for Arlington and the City of Falls Church and an estimated \$1,786,000 of program income (from loan repayments and subrecipient revolving fund activity). The City of Falls Church will receive \$85,577 of the grant funds under a Cooperation Agreement with the County. The CDBG program for FY 2007, developed from proposals received in September 2005, will address the above priorities through a variety of programs for which detailed descriptions are provided on the following pages. Some activities are implemented directly by County staff; others by subrecipients.

The following criteria guided development of the FY 2007 CDBG recommendations: 1) proposal responds to a County Board CDBG priority of affordable housing development and housing support services, economic development and job training, or is targeted to NSAs; 2) proposal responds to targets established by the Partnership on Children, Youth and Families for health, safety and well-being of young people in Arlington; 3) proposal responds to needs identified in the Five -Year Consolidated Plan; 4) success of prior funded projects in meeting established performance outcomes; 5) length of time project has received CDBG funding and availability of other potential funding sources, i.e., General Fund, Arlington Affordable Housing Investment Fund, or foundations; and 6) extent to which the community was involved in proposal development.

- ↓ The grant amount for FY 2007 was reduced by 16% or \$355,547.
- ↑ Personnel costs increased (\$19,697) including normal salary increases, increases to retirement and healthcare and a decrease by not funding a 1.0 FTE, an Administrative Tech position.
