

PROPOSED FEE CHANGES FOR MENTAL HEALTH/INTELLECTUAL DISABILITY/SUBSTANCE ABUSE SERVICES

FEE SCHEDULE

Fees for individual services provided by the Department of Human Services in the areas of mental health, intellectual disability, and/or substance abuse are set according to Medicaid reimbursement rules, so the overall fees for each service are not projected to change in FY 2009.

Clients who do not have third party coverage or cannot afford to pay the full cost of their services may apply for a reduction in fee based upon their income and family size. The minimum fee per service a client can be charged is currently a co-pay of \$2.00.

This schedule shows the overall effect of proposed co-pay increases for FY 2009 from the current minimum of \$2.00 to a new minimum of \$3.00. Any fee increases are subject to County Board adoption of the FY 2009 budget.

Fees include a proposed increase in the program fee scale with the base moving from a minimum co-pay of \$2.00 per service to a new minimum co-pay of \$3.00. The sliding scale for program fees is proposed to be increased in FY 2009 and is expected to have no immediate impact on fee revenue.
