Jamestown Park	Full Size Tennis Court	County Parkland	1	0	0	0	0	0	1

* More than 1 court of the same type and not separated by a fence.

Each site that meets a criterion will get one point. This is consistent with the PSMP Athletic Fields and Synthetic Turf Conversion table. (PSMP, page 204).

Points are summed and the table is ordered from highest to lowest score, then alphabetically by park name.

Bluemont Park tennis courts were removed because it is the County's designated outdoor tennis complex that provides the highest level of facilities for tennis games and competitions (PSMP, page 67-68).

County owned parkland and Arlington Public School (APS) outdoor courts that are used for scholastic programs were removed from consideration to avoid conflict. Tennis and basketball courts removed from consideration include: Bluemont Park, Greenbrier Park, Gunston, Hoffman Boston Elementary School, Kenmore Middle School, Langston High School, Quincy Park, Stratford Park, Thomas Jefferson Community Center and Park, Wakefield High School, Williamsburg Middle School, and Yorktown High School.

Courts include in scoring are: full size tennis courts on County owned parkland and not used by Arlington Public Schools for scholastic programs; and full-size basketball courts that are on County owned parkland, associated with fully staffed, County owned community centers and not used by Arlington Public Schools for scholastic programs.
