# 1. TUB GRINDER REPLACEMENT

**Project Highlights:**

- The Tub grinder, located in the Earth Products Recycling Yard at the Trades Center, is a piece of processing equipment that grinds logs, brush, leaves and related the material into various sized material suitable for use as mulch for various land applications.
- The tub grinder processes materials produced by multiple departments and programs including the residential brush and leaf collection programs, tree removal crews and landscaping crews from the Department of Parks and Recreation, and the grounds crews from Arlington Public Schools.
- The tub grinder will be at the end of its useful life in FY 2030 and will need to be replaced.
- The useful life for a tub grinder is normally 15 years, but staff anticipate getting 17 years of service from the current machine due to good maintenance practices.
