

Washington Blvd Trail Improvements at Walter Reed Dr & S Courthouse Rd

BEFORE TREATMENT

Safety Issue: The County identified safety needs at the intersection of Walter Reed Dr & S Courthouse Rd & the Washington Blvd Trail during the 2017 hot spot review and the 2018 completion of the Washington Boulevard Trail's second phase.

Project Description: The changes installed include: (1) improved curb ramps for people who walk and people who bike, (2) enhanced crossing pavement markings, and (3) new traffic controls (stop and yield signs) to clarify the intersection approaches.

Completed: July 2021
