# Guardianships

- Guardians offer protection, stability, and decision-making assistance.
- Complex guardianship cases continue to grow (currently 505 total).
- Volunteer guardians have been utilized to meet DHS' vulnerable clients' needs, however volume and complexity has made it difficult to find an appropriate guardian.
- ADSD does not have a permanent guardianship coordinator.
- A Management Intern has helped reduce delinquency of guardianship reports (FY 2021 was 30% down to 4% in FY 2024) as well as training and retaining guardians.

## **Adult Protective and Adult Services**

- Adult Services & Adult Protective Services is expanding its reach within the community.
- Hoarding, financial exploitation, guardianship needs and collaboration with local partners (public safety, non-profits, code enforcement) are just a few areas we are growing.
- We receive funding from VDSS for personnel, but it does not cover the full cost of the position (it is about 58% on average).
