

# CLINICS IN VIRGINIA

Below are the Virginia Association of Free & Charitable Clinics member clinics only (not all free clinics in Virginia are VAFCC members). Clinics offer a variety of health care services, including medical, dental, vision, mental health, and pharmacy services. However, not all clinics offer all services and not all areas of Virginia have a free or charitable clinic. Clinics are independent, nonprofit, volunteer-driven, and community-based organizations. Each clinic sets its own eligibility requirements and guidelines, and all must be contacted directly for help.

## CENTRAL REGION
