E. coli Monitoring Locations for the Four Mile Run Drainages

This document provides directions and photos to assist Arlington's volunteers in finding the bacteria monitoring locations.

Updated March 2025

Site Location	Directions to Site	Sampling Site	Volunteer
FMR 1. Benjamin Banneker park, near the border of Arlington and Falls Church 1701 N. Van Buren St. 38.882611, -77.157771	From 66 E, take exit 69 for Washington Blvd. Go through the light to stay on Washington Blvd. Make a right onto Sycamore St, by the East Falls Church Metro station. Make a right onto 19 th St, after the Metro station, and then a left onto Van Buren St. An alternative option is to park at the Banneker Dog Park, and walk in from the opposite direction. Dog park address: 6620 N. 18 th St, Arlington, VA.	From Van Buren St., walk down the bike trail. The stream will be on your left. Take the sample before the pedestrian bridge. From the dog park, walk on the trail around the athletic field and towards Van Buren Street. Sycamore Street will be behind you. The stream will be on your right. Pass the foot bridge that crosses Four Mile Run. From 18th St N, pass the playground, cross the foot bridge, and turn right. Collect your sample in the riffle in the meander bend just upstream of Wren Branch.

Facing Carlin Springs from the West parking lot.

Sample just downstream of the bridge, at the red arrow.

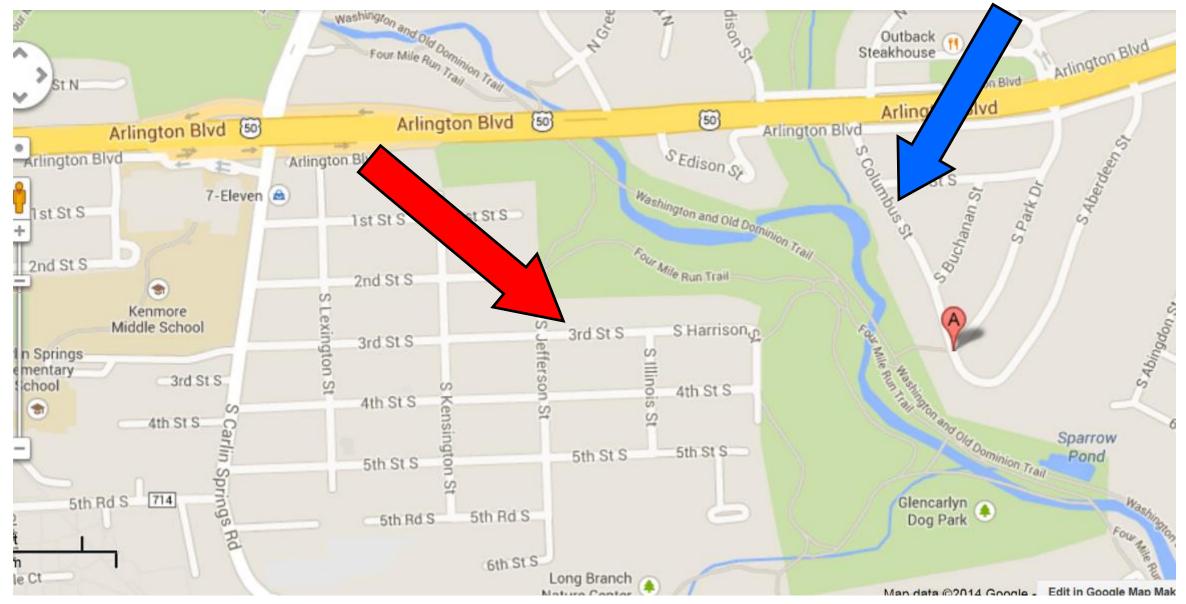

Facing Carlin Springs from the East parking lot.

Site Location	Directions to Site	Sampling Site	Team
FMR 5. Glencarlyn Park (below the confluence of 4MR and Lubber Run) 38.863988, -77.118730	From Rt. 50, turn onto S. Columbus St (between George Mason and Carlin Springs Rd exits). Follow S. Columbus to the intersection with Aberdeen St. There will be a small park entrance on your right. Or From Carlin Springs Rd, turn onto 3rd Street South. Follow 3rd Street until it T-intersects with South Harrison Street. At this intersection notice the Glencarlyn Park sign and a paved road into the park. The roads ends in the parking lot next to the sampling site.	Follow the paved trail down into the park. Take your water sample upstream of the concrete pedestrian bridge.	Steve Schaible

FMR 5 Photos Updated March 2025

You can access FMR 5 two ways. By South Columbus Street (indicated by the blue arrow), or by 3rd Street South (indicated by the red arrow).

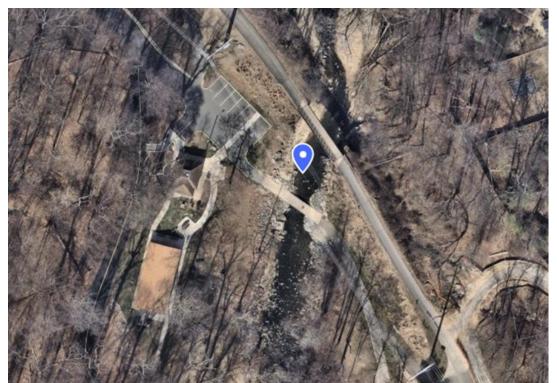

FMR 5 Photos Updated March 2025

View of the bridge from the W&OD trail.

Sample just upstream of the concrete bridge.

FMR 6 & ULB 1

Site Location	Directions to Site	Sampling Site	Team
FMR 6 & ULB 1. Glencarlyn Park (above and below the dog park, and the confluence of Upper Long Branch with 4MR) FMR 6: 38.862005, -77.116687 ULB 1: 38.862000, -77.118265	From Rt. 50, take Carlin Springs Rd south. Make a left onto 4 th St. Follow it to the end, and make a right onto Harrison St, which will dead end. You will see a narrow paved road on your left going down the hill into the park, drive down this road. At the bottom of the hill, go left and drive past the picnic shelter. Park in the parking lot that is across from the Glencarlyn dog park. You may notice emergency call post #94. These sites are adjacent to the Glencarlyn dog park.	Take a sample in the stream upstream of the dog park, across from the picnic shelter. This is Upper Long Branch stream (ULB1). Then walk through the dog park, and take a sample in Four Mile Run (FMR 6), below the confluence of Four Mile Run and Upper Long Branch.	Sue Bartow & Mark Breyer

The park entrance is to the right of this sign.

Park here. There is also another parking lot further down the road, by the dog park.

Follow road to parking lot.

Sample in the riffles across from the pavilion, around the downstream end of the sand bar, near the red arrow.

FMR 6 Photos

Cross the pedestrian bridge into the dog park.

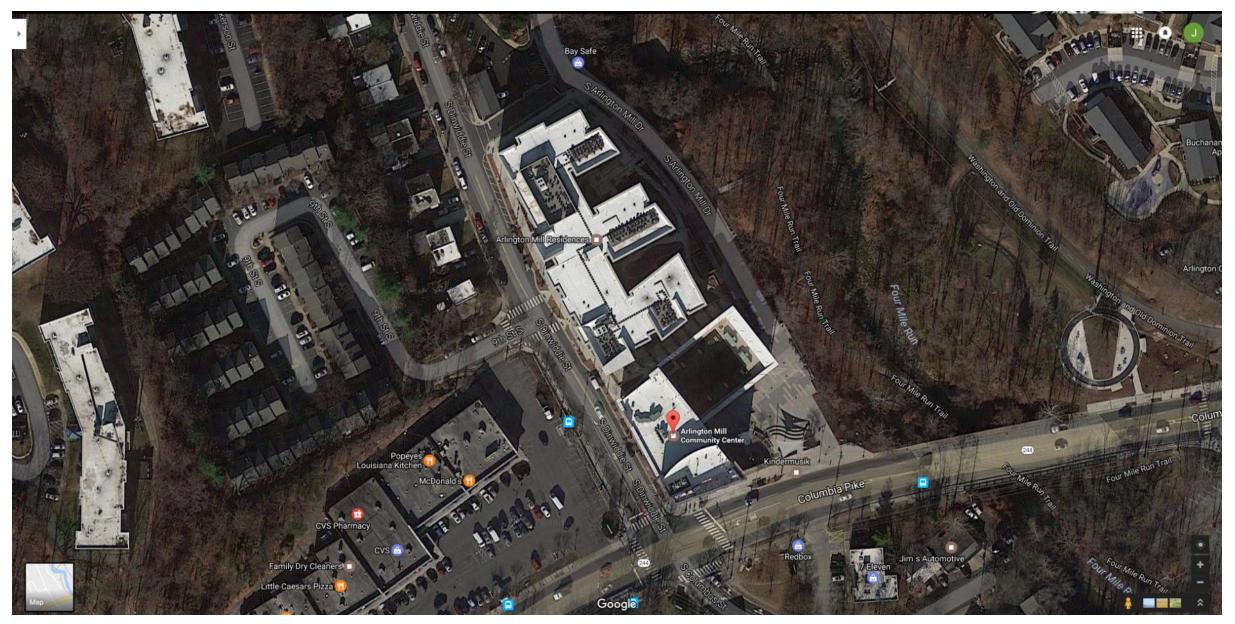

Sample near the red arrow, below the confluence of the two streams.

Walk down to Four Mile Run. Pass the picnic table.

Site Location	Directions to Site	Sampling Site	Team
FMR 7. Four Mile Run adjacent to the Arlington Mill Community Center, near Columbia Pike and below confluence with two tributaries. 909 S. Dinwiddie Street 38.857867, -77.112374	Park at the Arlington Mill Community Center (http://parks.arlingtonva.us/locations/arlington-mill-community-center/; https://parks.arlingtonva.us/parksfacilities/community-centers/arlington-mill-parking-rates/). Parking at the Center is free for less than 4 hours.	Enter the trail by marker "3.5 miles" on South Arlington Mill Drive. This entrance is a very short distance from the Center's parking entrance. See pictures on the following pages. Walk down the trail to the concrete pedestrian bridge that crosses the stream. Take your water sample upstream of the bridge.	Erinn Shirley

Arlington Mill Community Center - Parking at the Center is accessed via S. Arlington Mill Dr.

38.849459, -77.103167	http://parks.arlingtonva.us/locations/ barcroft-sports-fitness-center/	Sample below the confluence of Doctor's Branch and 4MR.	
	From the parking area, walk between the baseball fields		
	towards the trees. After you pass the baseball fields, go to		
	the left along the paved trail.		

Follow the sidewalk on the right of the sign.

Cross the bridge and walk right.

Follow the asphalt trail to the right.

Follow the stream, past the pavilion, toward the volleyball net.

FMR 8 Photos

Approach the stream and sample near the red arrow, downstream of the confluence of Four Mile Run and Doctor's Branch.

Site Location	Directions to Site	Sampling Site	Team
FMR 9. Shirlington dog park. 38.843260, -77.090646	Park along S. Arlington Mill Drive in Shirlington, between the cross streets of S. Taylor Street and S. Randolph Street. Walk across Arlington Mill, cross Four Mile Run via the pedestrian bridge, and turn left at the end of the bridge. Or From South Four Mile Run Drive, turn onto South Nelson Street or South Oakland Street. At the end of these streets is the parking lot for the dog park.	Enter the dog park through the gates. Several yards into the dog park, exit the dog park via the first gate on your left. This is near the kiosk. Walk down the rock staircase and sample in Four Mile Run.	Diana Vaughan

Entrance to Shirlington Dog Park.

Stop at the gate and exit the dog park.

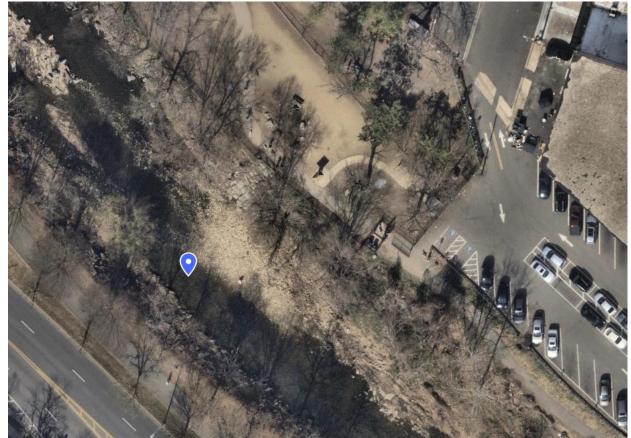

After entering, walk down the path.

Walk down the steps.

Sample near the red arrow.

Site Location	Directions to Site	Sampling Site	Team
FMR 10. Four Mile Run south of 395 38.844400, -77.064750	Sample from Mt. Vernon Ave Bridge (using Becklinator sampler). The bridge is located just south of the intersection of S Arlington Ridge Rd and S Glebe Rd. S Arlington Ridge Rd becomes Mt Vernon Ave as you cross the bridge into Alexandria. There is a small parking lot next to the Mt Vernon Ave bridge. If that is full, there is street parking on S Joyce St in Arlington.	Stand on bridge and sample the upstream side of the bridge (unless access is not possible, in which case note it in the spreadsheet). Use the Becklinator sampler to retrieve the water sample.	Whitney Long

FMR 10 Photos Updated March 2025

Park in the lot with this sign.

View from correct corner.

Cross street to opposite corner of bridge.

Look over the edge and drop the Becklinator sampler in.
