Drop-In Fitness Classes

Class Details

All classes can accommodate all fitness levels. If it is your first time, please arrive a few minutes before class and let the instructor know that you are new. The instructor can help you learn proper technique for a safe and effective workout and provide modifications as needed.

The beginning of class is devoted to the **warm-up**, which gradually prepares the body for more vigorous activities.

The end of the class is devoted to a **cool-down** and stretch to help increase flexibility.

Cardio activities increase your heart rate to train the heart and lungs. They will help increase your stamina, burn fat, relieve stress and more!

Strength training is designed to build muscular strength and endurance. Resistance training can help keep you strong, burn fat, increase muscle tone and improve bone density.

- **Muscle Blast:** Get your heartrate up and get your resistance training in with weight, kettlebell, ball, BOSU or band exercises. We'll work most muscles and challenge your balance before stretching it out.
- **Cycle:** Warm-up, climb, sprint, interval train, and cool-down. Any fitness level is welcome to go at your own pace.
- **Yoga:** Build strength, body awareness, and flexibility with a multilevel yoga class. Breathe to connect poses and leave focused and energized.
- **Circuit:** Move from station to station trying new moves to test your strength, balance and stamina with an instructor encouraging you!
- **FREE Muscle Conditioning OUTSIDE:** Get your heartrate up and get a bodyweight workout before stretching it out. Expect to get down and up from your mat. Bring your own mat or towel; hand weights are optional.

-
- **FREE Fitness Equipment Orientations:** Offered monthly. Email matkin@arlingtonva.us to sign-up, space is limited.
 - ⇒ **Lubber Run:** 7th of May 10:15-11:15 a.m. (Tuesday)
