COLLEGE CAMPUS SAFETY TIPS

Precautionary tips for a safe and successful academic year!

Personal Safety Tips when Walking

Familiarize yourself with the layout of campus, sign up for emergency alerts and add the campus police phone number to your contacts.

- Be aware of your surroundings
- Limit the use of devices that may distract you, such as cell phones and headphones
- Walk with someone whenever possible
- Walk in well-lit, high traffic areas
- Let someone you trust know where you're going and when to expect you back

Safety in Residence Halls

Make locking your dorm door and windows a habit, including when you're home.

- Don't leave door or windows propped open
- Don't allow people you don't know to follow you into residence calls or other secure buildings
- Know who is at your door before opening it
- If you see something suspicious, report it to campus police immediately

Protect Your Property

Remove the opportunity for crime by never leaving your property unattended in public.

- Keep car windows and doors locked
- Remove all valuables from parked vehicles
- Secure your bicycle with a u-lock when not in use
- Take photos of valuables and engrave them with serial numbers
