

Arlington County PUBLIC ART PROGRAM

EIGHT GUIDING PRINCIPLES

1. Public art will be a tool for **placemaking** — creating meaningful connections between people and places important to civic life.
2. Public art will be located in places that a **wide range of people** are likely to encounter in their **everyday** lives.
3. Public art will be **integrated** into **architecture, landscape design and infrastructure** projects.
4. The **groundwork** for future public art projects will be **established in County planning initiatives**.
5. Developers will be encouraged to contribute to **pooled funds** to fund County-initiated public art projects.
6. Public art will draw on Arlington's **diverse, historic, environmental and cultural resources**.
7. Public art projects will have **partners and adequate funding**.
8. Public art will be **equitable, engaging and enriching**.
