The County Board has found that some members of the public and their property have been placed at risk in circumstances where their vehicles have been towed from private property without their consent and placed in storage because of a variety of factors. Those factors include, but are not limited to, unfair and predatory towing and pricing practices, inadequate notice of when vehicles are subject to towing, unreasonable prices for towing and storage, and lack of adequate recourse in the event of improper towing or storage. Based upon the foregoing, the County Board has concluded that the regulations provided for by this chapter are required to protect the public health, safety and welfare generally, and particularly the safety of those members of the public whose vehicles have been towed from private property without their consent and stored, as well as the public interest in ensuring that the prices charged for such non-consensual tows from private property are fair and reasonable.

§ 14.3-2. Definitions.

Except as hereinafter set forth, the words used in this chapter shall have the same meaning as set forth in § 46.2-100 of the Code of Virginia, as such may be amended from time to time.

“Immobilization” means the use of a device that immobilizes a trespassing vehicle in a manner that prevents its removal or lawful operation, provided that any device used to immobilize a trespassing vehicle does not damage the vehicle or any part of the vehicle.

“Storage fee” means the compensation payable for the storage of a towed vehicle that has been stored at or in a facility owned, operated, leased or used by a tow truck service.

“Tow, tows, or towing” means the act of removing, by tow truck, a vehicle from privately-owned property within the County where it is parked. The preparation of a vehicle for removal by a tow truck or the attachment of a vehicle to a tow truck, or both, does not, for purposes of this chapter, constitute a tow or towing.

“Towing fee” means the compensation payable for the towing of a vehicle.

“Towing and recovery operator” or “Operator” means a business or entity engaged in the immobilization or towing of a vehicle from private property in Arlington County without the consent of the vehicle owner. The term

does not, for purposes of this chapter, include an individual or entity that removes vehicles from public streets and other locations, pursuant to a contract with the County.

“Tow truck” means a vehicle for hire (i) designed to lift, pull, or carry another vehicle by means of a hoist or other mechanical apparatus and (ii) having a manufacturer’s gross vehicle weight rating of at least ten thousand (10,000) pounds. *Tow truck* also includes vehicles designed with a ramp on wheels and a hydraulic lift with a capacity to haul or tow another vehicle, commonly referred to as “rollbacks.”

“Tow truck driver” means an individual operating a tow truck in the removal of a vehicle from private property.

“Trespass tow” means the act of removing by tow truck, a vehicle from privately-owned property in Arlington County without the consent of the vehicle owner pursuant to a request for towing services made by the owner, operator, manager, lessee, or authorized agent in charge of private property, or pursuant to a contract between such person and a towing and recovery operator. The preparation of a vehicle for removal by a tow truck or the attachment of a vehicle to a tow truck, or both, does not, for the purposes of this chapter, constitute a trespass tow.

“Vehicle” means every device in, on or by which any person or property is or may be transported or drawn on a highway.

 4. The tow truck driver and/or towing and recovery operator performing the tow shall obtain written authorization of the owner, operator, or lessee of the property from which the vehicle is towed, or the authorized agent thereof. The tow truck driver and/or towing and recovery operator performing the tow shall not require written authorization if a written contract between the towing and recovery operator and the owner of the property or his agent is in place. If the location of the vehicle precludes the operator from obtaining some or all such photographs or video, failure to do so shall not constitute a violation of this provision.
 9. The tow truck used to perform the tow shall include the name, street address, and current, local telephone number of the towing and recovery operator permanently affixed in a conspicuous location on the exterior of the truck.
 10. Tow truck drivers shall properly secure all loads to meet all safety standards.
